North American Cabinets offers endless possibilities so you can find a look that reflects your personal style. We take great pride in creating truly customized contemporary, classic or transitional kitchens that complement your family's lifestyle.

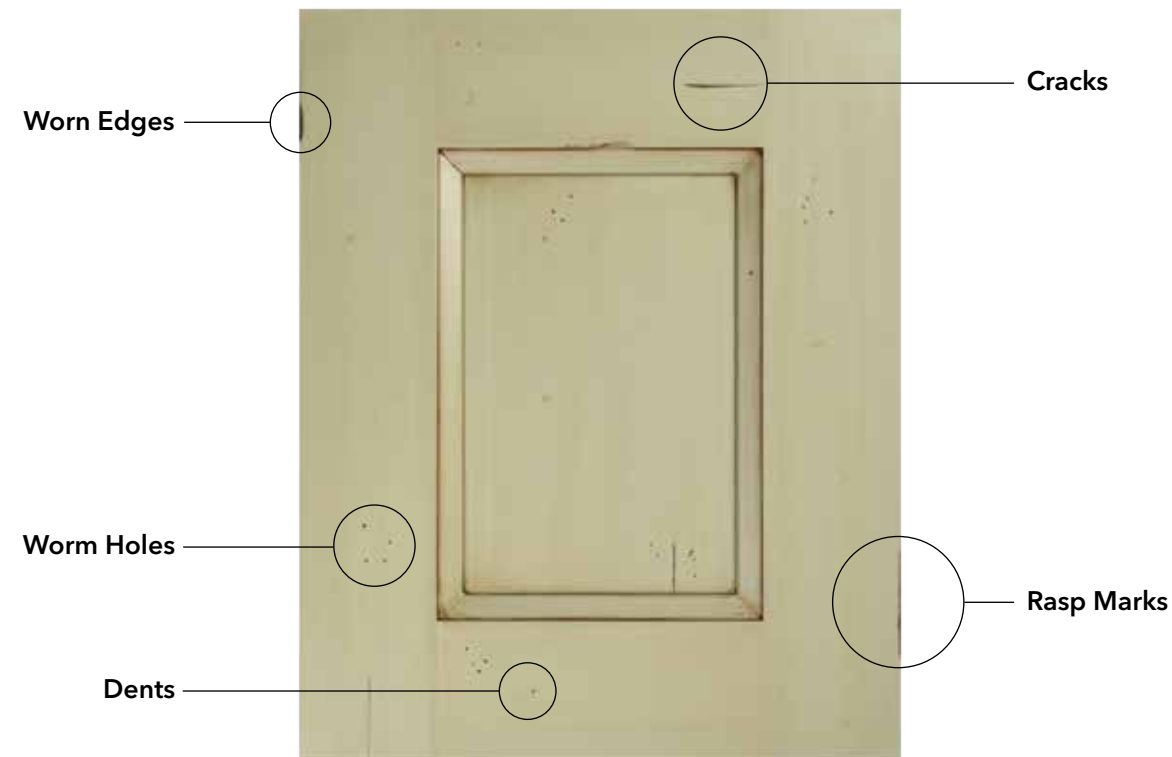

DOOR TREATMENT

The Door Treatment options are individually chosen and are placed randomly on the face of the doors. The marks will be hand-applied and simulating the natural appearance of aged wood with a modern factory finish. Adding glaze will accentuate the marks and enhance the distressed look.

- Rasp Marks
- Worn Edges
- Cracks
- Dents
- Worm Holes

We recommend ordering a sample for an accurate perception.

OUR COMMITMENT

Our cabinets are crafted to your exact specifications, in a comprehensive array of styles, woods, finishes and paints. Your creative choices are nearly unlimited, and it's all backed by the assurance of a lifetime warranty.

At **North American Cabinets**, we promise that your cabinets will be built to last through all of your family's important moments.
